

# ~ Advanced Animal Communication Safari ~

BOTSWANA

With Anna Breytenbach of AnimalSpirit

27 September ~ 6 October 2017 (9 nights)

## Day 1: Wednesday 27 September

Arrive at Maun International Airport (Botswana) to be met by Jessie Rose and Alwyn Myburgh for transfer to our Maun Lodge accommodation in town. We'll all gather for dinner for a trip briefing and a fun evening.

## Days 2 - 5: Thursday 28 September – Sunday 1 October

On Sunday morning after breakfast we depart for our small aircraft charter flight into the heart of the Okavango Delta in the Khwai River wilderness area. We arrive to our exclusive-use and private Motswere camp which will have been set up ahead of our arrival.

For the next three days we enjoy a combination of game drives and a daily opportunity to take a slow walk in this Big-5 wilderness to explore animal tracking and nature connection on foot. Small workshop sessions in camp will inspire further learning and opening as you deepen your skills.

## Days 6 - 9: Monday 2 October – Thursday 5 October

On Thursday morning we drive to the Moremi Game Reserve, enjoying a picnic lunch en route. Here we settle into a rhythm of personal practice and reflection. Between morning and evening game drives (and siestas!) there will be a one-on-one mentoring session with Anna.

Nights around the campfire will include guided meditations and other processes to invoke the fullness of our intuition. All of our time at Moremi is vehicle-based when not in camp (park rules).

## Day 10: Friday 6 October

After a morning activity and packing up our personal belongings, we board our small aircraft charter flight near camp to transfer to Maun Airport in time for the afternoon outbound international flights or whatever onward travel plans individuals have privately arranged.

## **Price of the Journey: \$5, 800 (USD) / €5, 200 (Euro) per person sharing**

### **INCLUDES**

- 27 September dinner, bed and breakfast at Maun Lodge on a twin-share/double basis
- 8 nights' mobile safari camping in twin-share tents
- Domestic charter flights between Maun and the Delta on light aircraft
- Group facilitation and personal support from Anna
- Two full-time professional guides/rangers
- All park fees and transport by road within and between our camp areas
- Breakfast, lunch and three-course dinners in bush camp
- Limited beverages (only hot beverages, soft drinks and bottled water)
- Laundry services in camp

### **EXCLUDES**

- International flights/transport to/from Maun, Botswana
- Visa and border costs
- Alcoholic drinks
- Gratuities and personal purchases
- Necessary insurances (medical, travel, etc.)

### **ADDITIONAL TRAVEL PLANS**

For any additional travel you wish to undertake before or after our 10-day journey, contact our partner tour organising company, See You in Africa. Owner-operator Connie has attended Anna's workshops and has organised animal communication safaris in years gone by. She will be able to advise you on tailor-made options for you and/or your family that are congruent with our ethics, as well as plan that any add-ons you arrange will intersect with our Maun arrival/departure dates. Connie can also handle all your bookings of flights and accommodation in various southern African countries, depending on your desires.

email: [connie.neubold@seeyouinafrica.co.za](mailto:connie.neubold@seeyouinafrica.co.za)

### **IF YOU WANT TO BOOK ON OUR ADVANCED ANIMAL COMMUNICATION ADVENTURE**

- First read through the Important Information on the next page
- Email [Jessie@animalspirit.org](mailto:Jessie@animalspirit.org) to ask for a booking form
- You'll receive a registration form with terms and conditions plus our banking details
- Fill out the form and return it to us along with proof of your deposit payment
- Places are not confirmed until a 50% deposit is paid. (This deposit is non-refundable after 1 May 2017)
- The 50% balance is due by 10 June 2017

### **IMPORTANT INFORMATION**

- South African Airways and Air Botswana fly between Johannesburg (South Africa) and Maun (Botswana).  
On 6 October, guests' outbound flights departing Maun MUST be the later of the two afternoon flights on either airline, as we'll need to connect TO Maun from the bush around lunchtime and will not be at the main international airport in time for the earlier flight.
- Flights should be booked early due to limited options/airlines going to Maun.
- If you choose self-drive from South Africa it is a 12-hour car journey from Johannesburg, excluding border processing time.
- Camp consists of tents high enough to stand upright in, with comfortable single beds and foam mattresses for two people. Each tent has its own en-suite "pit toilet" and daily bucket shower.
- The single supplement for a guest wishing to have their own tent is an additional \$1,500 / €1,300 for the entire duration of the mobile camping safari. (This does not include first night in the hotel.)
- The common social space in camp is a large tented area for dining and relaxing, including an open fire.
- Our entire group will be split across two game drive vehicles (6 of us plus driver in each) for our game drives to and within the reserves we will visit.
- Visas are required for certain non-South African passport holders. Please contact your nearest travel clinic or Botswana Consulate for assistance or further information, including latest visa costs.
- Should you need a tourist visa ahead of time, letters of invitation (from the operator) for tourist visa application processes via your local Botswana Consulate can be obtained before March via email request to AnimalSpirit.
- Your passport is your responsibility. Please make sure it is valid for 6 months beyond your travel dates and has at least two unstamped pages.
- Please note that luggage weight is limited to 15kg (about 33lbs) due to our charter flight. Keep your heavy items, like cameras and binoculars, with you; it is the "checked" luggage that has the weight restrictions on the charter flight.
- A prerequisite for joining this expedition is purchasing your own travel and cancellation insurance, as well as comprehensive medical and emergency/accident cover.

## Your Human Hosts

(assisting the true teacher: Nature!)

**Anna Breytenbach**

Anna is a professional interspecies communicator who has been practising for 15 years, running workshops and events in her native Africa as well as in the USA, Europe and UK. Also holding a degree in Psychology and qualified as a master training facilitator, she brings forth participants' skills through deep mentoring.

Anna's focus is on the balance between our species and the natural world. She consults on predator conservation, human-wildlife conflict and rehabilitation and restoration programmes internationally.

In leading this adventure, Anna will guide you in refinement of your telepathic communication skills and an immense deepening of your intuition. Coupled with this is compassionate and clearing work on ourselves to become better channels to receive and know Truth.

Our time in the wilderness will redefine human-wild relationships on all levels.

**Jessie Rose**

Jessie Rose Wienburg has been the front person for AnimalSpirit for the past six years. Born and raised in Cape Town, South Africa, she trained as a reflexologist and aromatherapist, with extended studies in the Office Administration field.

Jessie's passion for travel has taken her around the globe, where she has embraced multicultural experiences and peoples.

With her deep compassion for the world and working closely alongside the animal kingdom, she supports the developing relationship and unspoken language that endures between human and non-human beings.

As the AnimalSpirit host on this journey, Jessie will wear many hats including logistics manager, team cheerleader, point person and all round flow-coordinator.

By the time you arrive you'll know her pretty well already as she'll be communicating with you at least monthly between now and then.

**Alwyn Myburgh**

Born and raised in the Southern Kalahari on a sheep and cattle farm, Alwyn spent memorable times wandering the sand dunes with the group of San descendants they had living on their farm.

He was taught a deep appreciation for things great and small. Shortly after school, Alwyn completed a Game Ranger course in South Africa and relocated to Botswana to become a Professional Safari Guide.

For the past 21 years Alwyn has lived and worked in Botswana, embodying a passion to be out in the most unspoiled parts of Africa and share what Nature has taught him over the years. In passing on his considerable knowledge and care, he sensitively helps people capture their experiences in their memories and on camera.

Alwyn has experienced intuitive tracking and has a deep relationship with the lineages of leopards and wild dogs in the Khwai area. His vast knowledge is invaluable.
